Dan, We understand the concerns and change in approach. Are the briefing timelines changing or should we continue to prepare materials to support the 5-minute brief structure previously outlined? Thanks,  
Laura

Subject: [Non-DoD Source] UPDATE - HPNS Briefing on Tuesday 7/31

Good morning all,

Thank you for your cooperation this week.

This morning we had a conversation with Mayor Breed's and Supervisor Malia Cohen's offices. Concerns were raised about the timeliness of this event due to recent press coverage, as well as local tensions regarding HPNS.

Per these discussions, Leader Pelosi would like to change course. Rather than organizing an onsite briefing and tour with a press component, the Leader would like to continue with a private briefing from the Navy and EPA, along with CDPH and representatives from the CAC and HOA. The meeting will be solely with Leader Pelosi. We will keep it scheduled for Tuesday, July 31 <x-apple-data-detectors://10> st <x-apple-data-detectors://10> at 10am <x-apple-data-detectors://10> , with a new location of the San Francisco Federal Building.

We are waiting on guidance from Leader Pelosi on additional details. Please proceed with ensuring that necessary staff is available to attend the briefing in San Francisco on Tuesday morning <x-apple-data-detectors://11> . Our office will reach out with room details, etc. soon.

I am currently in Amsterdam on official business for the International AIDS Conference, but should you have any questions, I can be reached on my cell at (202) 906-0566 <tel:(202)%20906-0566> .

Thank you,

Dan Bernal, Chief is Staff - San Francisco
